## Introduction

*"Why, man, he doth bstride the narrow world  
Like a Colussus; and we petty men  
Walk under his huge legs, and peep about  
To find ourselves dishonorable graves.  
Men at some time are masters of their fates:  
The fault, dear Brutus, is not in our stars,  
But in ourselves, that we are underlings."*  
Julius Caesar (1599) act 1, scene 2 Shakespeare

The subject of Fate or Destiny has triggered many a philosophical argument. What is destiny? Are the details of our lives pre-destined? How much free will do we really have? These are imponderable questions. This report does not offer the answers. Rather it gives us some signposts to help us on our life journey.

When meteorologists forecast the weather we understand that they are not telling us how to live our lives. Rather they are giving us information that may help us make our own decisions. As far as the weather is concerned our major decisions are whether or not to dress warmly or to take an umbrella. The astrological system of Transits is offering us much the same information. It is giving us an indication of the emotional and intellectual weather of our lives. It is up to us to decide our own destiny. Put simply another way, "the stars impel, they do not compel".

When using this set of interpretations, please bear in mind that, inevitably, every chart will contain some contradictory influences, and as a result certain interpretations of different items in the same chart may seem difficult to reconcile. However, this may still be an accurate reflection of what is happening to the individual whose transits are being interpreted, as people do experience conflicting desires, events and circumstances in their lives. It is the responsibility of the astrologer to synthesise these apparent contradictions in order to present a cohesive and realistic interpretation of the dilemmas of the chart.

Each entry in this report relates to an astrological event that affects the natal chart for this individual. The entries are sorted by the exact date on which each event occurs, and the period of time around this date during which the events are considered to be in effect is shown in parentheses on the same line. Note that due to occasional retrograde motion of some planets, some events may be exact on two or more dates, and in this case all such dates are listed on the same line. Also, any events which are not exact within the report period, but whose period of effectiveness overlaps with the report period are included.

**5 Apr 2004 and 30 Jun 2004** (1 Mar 2004 to 9 Aug 2004)

TRANSITING NEPTUNE TRINE NATAL MERCURY - This a wonderful time for any mental work that requires creativity and intuition. It is also a good time for studies in the arts or spiritual subjects. You are open to new ideas and communications seem to flow easily. You may even discover some psychic powers.

**11 Apr 2004** (17 Mar 2004 to 25 Apr 2004)

TRANSITING SATURN QUINCUNX NATAL SOUTH NODE - Doors are closing on phases of your life, which were once significant, and you could experience moments of sadness as you leave the past behind. However when one door closes, another opens. Once you have grieved over your losses, you will then be ready to make the most of your new experiences.

**22 Apr 2004** (7 Apr 2004 to 4 May 2004)

TRANSITING SATURN SESQUISQUARE NATAL VENUS - Relationships are a source of frustration during this time. Your relationship with your partner may be the source of your troubles. Perhaps circumstances or someone else's actions are blocking your path to an intimate relationship. Perhaps social obligations are the cause of friction. Whatever the circumstances the key is to persist while looking for new avenues for tackling the problem. This way you will achieve your aims.

**2 May 2004** (13 Apr 2004 to 22 May 2004)

TRANSITING CHIRON SEMISQUARE NATAL SATURN - You are clear about your purpose in life, but obstacles seem to stand in the way. Perhaps you have to fully complete one project before starting another, or perhaps you are simply at the stage where you have to attend to time-consuming and frustrating details before moving forward. It is also possible that you are being asked to slow down and wait for others to catch up. Trust that you are on the right track, it is simply the time to wait until the timing is right to move on.

**3 May 2004** (30 Mar 2004 to 5 Jun 2004)

TRANSITING CHIRON TRINE NATAL MIDHEAVEN - You now have the opportunity to bring a new spiritual dimension into your career, as long as you remain open to the varied possibilities. You may be presented with opportunities to heal and teach in your present job or offered new studies which will open up new paths for the future. In some cases you may meet a significant person who will help you on your path. Whatever the circumstances you will look back on this as a time for adding a spiritual dimension to your life path.

**5 May 2004**      *(27 Apr 2004 to 13 May 2004)*

TRANSITING JUPITER SESQUISQUARE NATAL MOON - You are having difficulty expressing your feelings at this time, particularly to those you hold close to your heart. It is also likely that you are having some difficulties in your home. Home renovations could undergo delays and frustrations. With a little patience, you should eventually achieve your goals.

**15 May 2004**      *(5 May 2004 to 25 May 2004)*

TRANSITING SATURN SQUARE NATAL SUN - Right now you are entering a challenging phase of your life, but one that is very rewarding if you can exercise persistence, attention to detail and hard work. You may be given the chance to start a new and challenging project right now. You have the ability to rise to the challenge and successfully complete your task. Your success increases your standing in the community, boosts your self-esteem and opens up new windows of opportunity. In some ways you feel that you are undergoing an endurance test as you strive to work towards your goals. It is easy to forget your strengths under this transit, but patience and endurance pay off in the long run. If you try to avoid the extra responsibility then the opposite is true. You fail in the eyes of other people and therefore your self-esteem suffers and opportunities to advance your own goals diminish. It is time to shoulder your responsibilities and "put your house in order". Right now you can make the most of this period by analyzing your priorities and readjusting your schedules and goals accordingly. It may be that you will be forced to give up some of the less useful activities and plans in your life, but this will simply create the time and space for new, more rewarding, forms of self expression.

**26 May 2004**      *(17 May 2004 to 4 Jun 2004)*

TRANSITING SATURN SEMISQUARE NATAL MIDHEAVEN - Your profession and status can be the focus of much frustration during this time. There are delays and obstacles standing in your path no matter what direction you head. There is not much point in forcing matters. You would do better to patiently wait until matters settle down.

**30 May 2004**      *(21 May 2004 to 8 Jun 2004)*

TRANSITING SATURN TRINE NATAL SATURN - This is a good time for making plans that help you achieve your goals and success in life. You have a balanced approach to life having gained much wisdom from past mistakes. From this vantage point you can make a sensible appraisal of your purpose and follow through with the right decisions to achieve this purpose.

**11 Jun 2004**      *(9 May 2004 to 14 Jul 2004)*

TRANSITING URANUS SQUARE NATAL NORTH NODE - Fate is forcing a change of direction. The path which you thought you were treading in life takes a few unexpected twists and turns during this period. It is a process of discarding old habits in favour of new experiences, in particular metaphysical experiences. Your change of path could involve metaphysics, science, environmental interests or technology. A new and unusual group of people may cross your path sparking new interests, or perhaps you will meet an unusual person to accompany you along life's path. You may literally find yourself cleaning out the cupboards, or perhaps only metaphorically. Whatever the changes, they are unpredictable, exciting and perhaps a little disconcerting.

**11 Jun 2004**      *(9 May 2004 to 14 Jul 2004)*

TRANSITING URANUS SQUARE NATAL SOUTH NODE - Fate is forcing a change of direction. The path which you thought you were treading in life takes a few unexpected twists and turns during this period. It is a process of discarding old habits in favour of new experiences, in particular metaphysical experiences. Your change of path could involve metaphysics, science, environmental interests or technology. A new and unusual group of people may cross your path sparking new interests, or perhaps you will meet an unusual person to accompany you along life's path. You may literally find yourself cleaning out the cupboards, or perhaps only metaphorically. Whatever the changes, they are unpredictable, exciting and perhaps a little disconcerting.

**20 Jun 2004**      *(11 Jun 2004 to 28 Jun 2004)*

TRANSITING JUPITER OPPOSITION NATAL SATURN - At the moment it seems as if obstacles are standing in your path, making life seem like hard work. The trouble is that you are currently feeling the need to expand your horizons, but are finding it difficult to find the right way forward. Perhaps you are going overboard in your efforts to get your own way, failing to negotiate with others who depend on you or work with you. Or perhaps others are truly blocking your path. Either way now is the time to carefully consider the consequences of any actions. You need to make sure that you build on the positives in your life, paying attention to the building blocks that support your success. Otherwise you are likely to alienate those who would usually support you and discard the very things that have sustained you. Slowly, and with patience, you can incorporate the changes that you want, although compromise may be to your benefit, as well as your colleagues, friends and loved ones..

**21 Jun 2004**      *(13 Jun 2004 to 29 Jun 2004)*

TRANSITING SATURN SESQUISQUARE NATAL MARS - During this time you can feel as though you are hitting your head against a brick wall. You have a strong drive to achieve your goals and to take on greater responsibility in your life but circumstances, or someone else's actions, seem to be blocking your path. This can be very frustrating. However, stop and see if there is another way to overcome the hurdles. There can be several ways of approaching the same goal. With some patience and persistence you will achieve your aims.

**24 Jun 2004**      *(16 Jun 2004 to 1 Jul 2004)*

TRANSITING SATURN SQUARE NATAL MERCURY - Order, neatness and tidiness are the catch cries of this phase of your life. If you are an methodical person then you are likely to take on new challenges during this period, ones that require concentration and organisation. You may be attracted to a course of study or a particular project that makes the most of your excellent skills. On the other hand, if you are usually a muddled person, then now you are forced to change your ways. No more distractions will be allowed. You need to concentrate on getting your affairs in order. You may even be forced to adopt a more organized approach through unexpected circumstances. For instance if you have been putting off paying your tax, then don't be surprised if the government comes calling. You may find this period somewhat challenging, particularly if you are set in your ways. Your opinions and thoughts on matters are challenged during this phase and you may be forced to change your mind on many matters. Communications with others may be difficult, and you may literally have problems with communication equipment. You can expect delays in some tasks. Nevertheless you need to be patient and persist. The best way to handle this transit is to eliminate as many distractions as possible, work consistently towards a particular goal and keep an open mind. When you look back on this phase you will be surprised and delighted by all that you achieved.

**10 Jul 2004**      *(2 Jul 2004 to 17 Jul 2004)*

TRANSITING SATURN SEXTILE NATAL PLUTO - This is a good time for creative work which reflects your deeply-felt needs. It can also be a time when you are insightful and appreciated for your wisdom. You may advance in some areas of your life as you have the ability to approach your tasks with a mix of discipline and compromise.

**18 Jul 2004**      *(1 Jul 2004 to 4 Aug 2004)*

TRANSITING CHIRON SEXTILE NATAL VENUS - You now have the opportunities to build bridges in your relationships, particularly with your most intimate partner, healing any past wounds which have stood in the way of trust and intimacy. You can share your innermost thoughts and feelings as you leave behind the past and move forward. A teacher, healer or counsellor may appear during this time to help you develop more meaningful relationships, or it could be simply that you have the chance to make the changes yourself.

**20 Jul 2004**      *(3 Jul 2004 to 6 Aug 2004)*

TRANSITING CHIRON CONJUNCTION NATAL MOON - The moon is considered to be the most emotionally vulnerable point in the chart, and Chiron is the Wounded Healer. It can be considered a precious time as Chiron passes over the Moon. It may be a time when you get glimpses of your life purpose. These glimpses come on an emotional or intuitional level, rather than via your intellect. Contact with loved ones or people from the past brings up old wounds. These may be brought to a conscious level or simply experienced through dreams. The transit is ultimately positive, because it is healing. However, it can also involve coming to terms with some form of grief. It will help you learn how to move through to the other side of pain - to teach you about yourself. It is also a time when you are open to a visit from your archetypal teacher. This may happen in dreams or daydreams. Be alert to these messages, as you may also discover healing and teaching talents of your own. Tears may flow, but it is ultimately a time of healing and education.

**23 Jul 2004**      *(17 Jul 2004 to 29 Jul 2004)*

TRANSITING JUPITER CONJUNCTION NATAL PLUTO - This transit gives you a great push towards reaching all of your goals. You feel that you can move mountains in order to achieve your aims and objectives. Power is a key word. You feel powerful and will cross paths with powerful people. It is important to use your power in a positive manner and to avoid all manipulative plays at one-upmanship. You meet life with a renewed vigour and intensity and need to remember that this may overwhelm others at times. However, used wisely, the energies of this transit can assist you in achieving great changes and growth and in discovering things about yourself that you never knew existed.

**31 Jul 2004**      *(14 Jul 2004 to 20 Aug 2004)*

TRANSITING CHIRON SEMISQUARE NATAL SOUTH NODE - You have an inner knowledge of your spiritual purpose in life, but are experiencing some frustrations in getting your daily life to reflect this awareness. It is time to be patient rather than pushy. Ultimately you will have the opportunity to express your true self and find an avenue for your unique talents.

**31 Jul 2004**      *(14 Jul 2004 to 20 Aug 2004)*

TRANSITING CHIRON SESQUISQUARE NATAL NORTH NODE - You have an inner knowledge of your spiritual purpose in life, but are experiencing some frustrations in getting your daily life to reflect this awareness. It is time to be patient rather than pushy. Ultimately you will have the opportunity to express your true self and find an avenue for your unique talents.

**22 Aug 2004**      *(14 Aug 2004 to 1 Sep 2004)*

TRANSITING SATURN SESQUISQUARE NATAL SOUTH NODE - The path through life is strewn with obstacles and you seem to have your fair share at the moment. The more that you try to move in your desired direction, the more the pathway seems to be blocked. Every direction seems to have a large stop sign. This will be particularly true if you have a strong personal will, or if you have your sights set on a particular outcome to a situation in your life. If you can slow down and look again at your options then by the end of the transit you may see things in a different light.

**22 Aug 2004**      *(14 Aug 2004 to 1 Sep 2004)*

TRANSITING SATURN SEMISQUARE NATAL NORTH NODE - The path through life is strewn with obstacles and you seem to have your fair share at the moment. The more that you try to move in your desired direction, the more that the pathway seems to be blocked. Every direction seems to have a large stop sign. This will be particularly true if you have a strong personal will, or if you have your sights set on a particular outcome to a situation in your life. If you can slow down and look again at your options then by the end of the transit you may see things in a different light.

**23 Aug 2004**      *(18 Aug 2004 to 28 Aug 2004)*

TRANSITING JUPITER TRINE NATAL MOON - This is a feel-good transit. In other words you feel good about yourself, your life and your loved ones. As a result you are particularly warm and loving. Your contentment is obvious to your loved ones, and they want to spend time with you. Right now you know how to have a good time, and indulge yourself. The only concern is the tendency to go to extremes. You need to be wary of over-indulgence in all things. The temptation is to express your feelings and indulge yourself with no restraint or consideration for others. However, if you can keep a balanced outlook then you and your loved ones benefit from your generous and optimistic outlook. It is also possible that you use this time to make your life, in particular, your home more comfortable. This could simply be purchasing more comfortable furniture and furnishings, or you may make plans to move to a home more suited to your current needs. Your family life may expand in some way. Perhaps a family member will come to stay or perhaps you will give birth to a child. Either way you are likely to welcome these changes. This is a positive move, as long as you take everyone's needs into consideration.

**24 Aug 2004**      *(19 Aug 2004 to 29 Aug 2004)*

TRANSITING JUPITER SEXTILE NATAL VENUS - Lucky in love and money is a good catchphrase for this transit. You have opportunities to enjoy a happy social life, good relations with loved ones and possibly improved finances. You are content and happy with harmonious relationships. You need to make the most of these opportunities rather than let them slip through your fingers.

**28 Aug 2004**      *(19 Aug 2004 to 7 Sep 2004)*

TRANSITING SATURN OPPOSITION NATAL MOON - Sometimes we need to reflect on the past and change our habits. These can be bad habits such as smoking, drinking excessively, and eating junk foods. Alternatively habits can form on an emotional basis. For instance someone can make a habit of not speaking up for himself or herself in order to keep the peace. Right now you are being challenged to change your habits. This urge to change could come from within, but it is more likely that you are receiving some pressure from external circumstances or a loved one. Either way this is unlikely to be a comfortable time, although it will be ultimately rewarding. During this phase you strive to improve your personal habits, home and family life. You are likely to face some setbacks, although you will progress if you persist. You strive for some emotional balance in your life. Likewise you are working towards balancing home and work; family and personal time and other such areas of your life. You are likely to be most challenged by your relationships with women. These can be upsetting, particularly if you have been ignoring your feelings in the past. Any imbalances in your home and emotional life are highlighted during this transit. You may feel insecure as emotionally difficult situations arise, but it is best to exercise patience and persistence and face the problems. This is your opportunity to change past emotional patterns that ultimately will lead to a more emotionally enriching life. The foundations that you put in place now are likely to last for many years providing you with the peace of mind that you crave.

**29 Aug 2004**      *(20 Aug 2004 to 8 Sep 2004)*

TRANSITING SATURN TRINE NATAL VENUS - This is a time of balance and harmony in your relationship with your loved one. You feel happy, secure and confident and this has a positive effect on those around you. Your partner appreciates your strength and wisdom, as you strike a happy balance between work and social life. Now is the time to work slowly but surely towards attracting the people and things in life which give you pleasure. If you are not already in a relationship, you may have the opportunity to form a new and beneficial one. If you are married then you are likely to enjoy your spouse's company. It is a good time to go out and enjoy artistic pursuits. Your finances should also improve during this phase. Careful planning and consideration can go a long way during this phase to help you achieve love and financial rewards.

**9 Sep 2004**      *(4 Sep 2004 to 13 Sep 2004)*

TRANSITING JUPITER TRINE NATAL MIDHEAVEN - Doors are opening in your professional and social circles. It is a good time for expanding your professional goals and making the most of any opportunities in this area. These could include offers of career promotion, study, and travel. Success is within your grasp if you seize the moment.

**13 Sep 2004**      *(9 Sep 2004 to 18 Sep 2004)*

TRANSITING JUPITER SEMISQUARE NATAL ASCENDANT - You are having difficulty pursuing your goals and furthering your plans. It seems that there are many obstacles which you cannot avoid. Perhaps even your personal relationships are holding you back, or perhaps others are not as appreciative as they could be of your need for fun and enjoyment. Slow down a little and let others adjust to the pace.

**23 Sep 2004**      *(19 Sep 2004 to 28 Sep 2004)*

TRANSITING JUPITER SEXTILE NATAL MARS - You are confident and optimistic and life seems to be more than meeting your expectations. You are enjoying working towards your goals and having some fun on the way. Others are also pleased to help you achieve the success that you well deserve, as long as you remain open to the opportunities. You may also enjoy channelling some of your energy into your favourite sporting activities, where you are also assured of success.

**8 Oct 2004 and 10 Dec 2004**      *(23 Sep 2004 to 25 Dec 2004)*

TRANSITING SATURN SEXTILE NATAL MIDHEAVEN - This is not a significant transit; however, during this time you may have the chance to further your career ambitions either through a change of work or a promotion that demands extra responsibility.

*17 Oct 2004 and 1 Dec 2004 (29 Sep 2004 to 19 Dec 2004)*

TRANSITING SATURN SESQUISQUARE NATAL SATURN - Careful consideration of your direction in life is the key to this period. Rather than surging ahead with new projects and plans, you are being asked to face your responsibilities for incomplete activities. Therefore you find yourself finalising details and putting the finishing touches to projects, particularly those connected with your professional life, business dealings or life direction.

*23 Oct 2004 (27 Aug 2004 to 19 Dec 2004)*

TRANSITING NEPTUNE OPPOSITION NATAL ASCENDANT - Your relationship with your loved one is going through a confusing time right now testing your integrity and self-confidence. It could be that your relationship has deteriorated because of your partner's ill health or issues surrounding drugs. It may be that the partnership has dissolved leaving you wandering in a fog uncertain as to the reasons why or it could be that your partner has been deceiving you in some way. Sometimes a third person can be hovering in the distance further confusing the issues. If you are not currently in a relationship you may feel drawn to someone in need of your help, someone who could become reliant on your good nature. It would be best to avoid such relationships, although you may not see this at the time. If you feel that your new relationship is the ideal that you have always been waiting for, you would still be wise to enjoy the romance but wait before you make a commitment as you may not be seeing things clearly right now. On a more positive note it is possible to enjoy a creative or spiritual pursuit with your partner during this time. Certainly the lesson is to face all issues with your partner with as much honesty as possible and to ensure that your primary relationship is enriching your lives rather than draining resources.

*30 Oct 2004 (25 Oct 2004 to 4 Nov 2004)*

TRANSITING JUPITER SEXTILE NATAL SOUTH NODE - During this time you have the chance to improve your relations with other people, and to make new relationships. You may meet a particular person, or take up with a new group of people. Either way this connection could help you expand your horizons in life. This can have a positive effect on your life as long as you recognize the opportunities, and do not pass up opportunities. An engagement and marriage may be on the cards.

*30 Oct 2004 (25 Oct 2004 to 4 Nov 2004)*

TRANSITING JUPITER TRINE NATAL NORTH NODE - During this time you have the chance to improve your relations with other people, and to make new connections. You may meet a particular person, or take up with a new group of people. Either way this connection could help you expand your horizons in life. This can have a positive effect on your life as long as you recognise the opportunities, and do not pass them up. An engagement and marriage may be on the cards.

## Conclusion

This report is meant more of an introduction to the wonders of astrology rather than a complete course in its intricacies. Further studies, or a consultation with a professional astrologer, are encouraged to explore this most ancient scientific and philosophic tool.

It is important to remember whilst reading this report, that it is very natural that you may get some contradictory interpretations. This occurs because the planetary energies being exerted upon you are not all from the same source. These contradictions often pass by unconsciously, but they may still have an impact on you unknowingly. They can reflect the subconscious tensions and stresses you experience as you grapple with different daily issues and psychological feelings, many of which you probably don't even notice. These are totally normal.

Whilst reading the report, you may have felt that some of the interpretations are not reflective of you. Many people, throughout their lives, adopt certain behaviours or belief patterns due to prevailing circumstances or social conditioning, which went against the cosmic forces being exerted by the Cosmos. These behaviour patterns and beliefs probably still exist today and will seem totally normal and natural. It is important to remember that Astrology identifies the 'path of least resistance'. 'Free will' is always available for you to take; to over-ride the energies being exerted upon you. You can go resist and go against the archetypal energy at any time, but it is harder for you to do this than go-with-the-flow.
